## Using *the* Internet to Shine *the* Light of Christ

*T*he Internet is being used of God to reach the lost for Christ. Thousands of people are "hitting" our evangelistic Web sites each month and staying at least six minutes. Hundreds are responding each month, accepting Christ as Savior and Lord. If your church has a Web page, consider establishing a hyperlink to these Web sites. Even more important, ask Christian businesspeople in your church who have Web pages to establish hyperlinks to these Web sites.

*Four terrific NAMB evangelistic Web sites are:*

[www.kidzplace.org](http://www.kidzplace.org)

[www.studentz.com](http://www.studentz.com)
