

SEND»NORTH AMERICA

2012 Summer Opportunities List

Thank you for your interest in serving as a Summer Missionary with the North American Mission Board! You are embarking on a journey that will have a lasting impact on your life and eternal impact of the lives of others. The following pages are the many different opportunities for service. As you read through them, please remember the following:

- The dates of projects may be flexible. Contact the local supervisor to determine if there is flexibility in the start or end dates.
- Feel free to contact the local supervisor if you have any questions or need more information about the projects.
- Completed applications, including references, are due by April 1, 2012. The sooner you complete your application the more likely you are to receive one of your top three choices.
- Click [here](#) to apply online. **You must use Microsoft Explorer to do an online application.** Please email studentmissions@namb.net for a PDF copy of the application.
- More information, including qualifications can be found at www.namb.net/student-opportunities.

Choosing a project from so many choices can be overwhelming. Figuring out where to serve is part of the adventure! Start by praying about it and being willing to say “yes” to whatever project God leads you to—before you make up your mind about where you want to go.

Think about your gifts, passions and life experiences. Do they line up with the needs of any specific projects? Would you be able to get excited about and stay committed to the work that needs to be done there?

Also, think about the location of the project. Do you want to serve in a major city with a great diversity of people and cultural experiences? Or do you feel God may be calling you to serve in a suburban or even rural area?

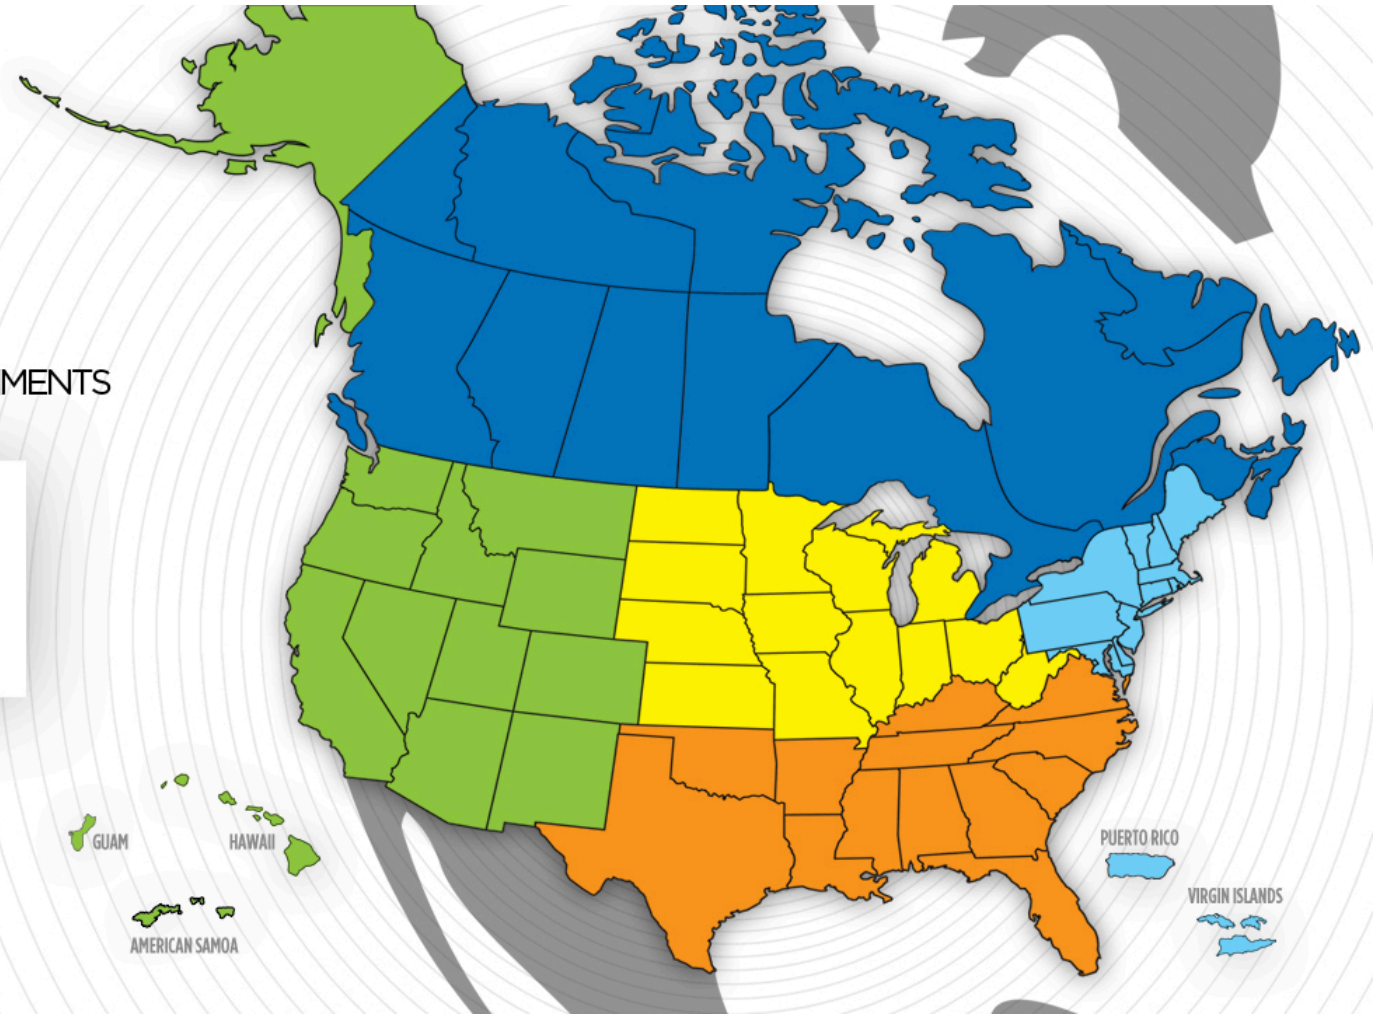

You will be asked to list your top three choices for projects on your application. Our staff will work with you and the field partners to place you in a project that matches your specific gifts and interests.

Please contact our Missionary Mobilization team if you have any questions. Call 1-800-462-8657 or email studentmissions@namb.net.

Current Canada

CD01SR12

Project Description

“Current” is a summer mission journey for students (completed grade 11 through seminary) who will have the opportunities to join the vision of seeing 1,000 churches and 100,000 baptisms by 2020 all across Canada. As teams, students will explore and engage new communities to discover, plan and implement ministry based on what God is doing in the community and the team's giftedness. Each team will find creative ways to connect with people and build relationships for the purpose of sharing Christ. The summer begins with a comprehensive Orientation Teams will be involved in evangelism and be a part of a national program that is involved in starting new churches all across Canada. For more information about Current checkout www.currentcanada.com

This team will be serving in communities in and around the cities of Vancouver and Kamloops. The teams will be ministering in both large urban cities and in smaller towns. As Vancouver is one of the most international cities in the world, students will connect with many different people from many cultural backgrounds. There will be opportunities to connect to university community church plants. For info. on Vancouver see <http://en.wikipedia.org/wiki/Vancouver> and <http://www.tourismvancouver.com/visitors/>

This team will be serving in communities in and around the cities of Calgary and Edmonton. The teams will be ministering in both these large urban cities (1 million people each) as well as in smaller outlying towns. Edmonton and Calgary are fast growing dynamic cities with large university communities and many different cultures and ethnic ministries. These teams will encounter a wide variety of church plants including a Celtic church, a church in the Rockies, cowboy country church plants, and urban international ministries.

This team will be serving in the Greater Toronto Area (GTA), the most culturally diverse city in the world. The teams will be ministering in this large urban center of over 5.5 million people. Some will be ministering on university campuses with goal of planting university community churches. Some will be ministering in new rapidly growing residential communities. Some will be in developing communities in the heart of the city. In all parts of the GTA students will connect with many different people from many cultural backgrounds.

This team will be serving Montreal and in Quebec city in the province of Quebec.

Quebec is one of the most unreached parts of North America. The Quebecois (French Speaking people from Quebec) are an unreached people group, with less than 0.5% holding an evangelical faith.

<http://www.bonjourquebec.com/qc-en/accueil0.html> <http://en.wikipedia.org/wiki/Quebec>

In Montreal the team will be working with university community church planters, exploring communities in the heart of the downtown core of Montreal.

<http://www.tourisme-montreal.org/> <http://en.wikipedia.org/wiki/Montreal>

<http://ville.montreal.qc.ca>

In Quebec city the team will be exploring a city where there is very little evangelical presence. http://en.wikipedia.org/wiki/Quebec_City <http://www.quebecregion.com/en>

The province of Quebec is mostly French speaking so *French skills* would be very advantageous, however not mandatory.

This team will be serving in the four Canadian Atlantic provinces (Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland & Labrador). Atlantic Canada includes picturesque provinces full of history, with small fishing villages, farming and forestry centered towns, and larger metro areas of Halifax NS, St. John's NFL, Moncton NB, and Charlottetown PEI. There are 2,346,286 people living in these provinces. The CNBC has few churches in this part of the country, so there will be a strong emphasis on exploration of communities with the intention of planting new churches. For information check out:

The Pathway Church

CD07SR12

Project Description

The Pathway Church is a new church plant located in Calgary, Alberta, Canada. The purpose of our ministry is to live out our faith in the community of Beddington and the rest of the Symons Valley area in NW Calgary. The student missionaries will do this by helping us with VBS, Soccer Camp, Stampede Pancake Breakfast and various acts of kindness in and around Beddington. Our goal is to reach out in the Symons Valley area to share our faith and meet the needs of our neighbors.

The student missionary will be able to grow in the areas of servant ministry, volunteering, prayer walking, community surveying, sharing their faith, working with Children, Youth, Young Adults and Adults. They will learn to share Christ with people of different ethnicities and to work with the poor and underprivileged. The Student Missionaries will learn to plan and execute various community events as well as church activities. The student will learn flexibility, be creative and grow as a result.

Tongass Baptist Association

AK03SR12

Project Description

Tongass Baptist Association of churches work together to share the Gospel, disciple believers, plan new work as God leads, and to follow the Great Commission as Jesus gave it to the church. The summer missionaries will be involved in leading, teaching, recreation, crafts, and worship with VBS each week in a new place. They will also be used in Sunday worship to share or minister as each church requests. They will be involved in youth camp and children camp at Orton Ranch and will be involved in community outreach activities. Their primary task will be to assist the churches in these and other areas as requested. The student missionary will benefit through serving out of their giftedness to create collisions between unbelievers and our new and developing church family.

****NEW****

Valley Rim Southern Baptist Association

AZ02SR12

Project Description

Valley Rim Association is composed of 50 churches ministering to the east valley of the Valley of the Sun with a population of over a million with less than 5% knowing Jesus as their personal Savior. Our churches are small and need help to put on Vacation Bible Schools and children's camps. In addition, many of our churches are understaffed and interns help our small staffed churches accomplish more than they could alone. The interns will help their assigned church and each other with Vacation Bible School programs, prayerwalking, and outreach events. They will staff a children's camp in Northern Arizona and a youth camp in California. We will begin at least one church in a multifamily housing community with two interns living in the community as church planting interns. Two of the summer missionaries will serve on a rotating team going to help a different church each week. We are interesting in helping our church and we are thrilled to play a role in the development of young ministers and missionaries. We like to use the gifts and talents God has given each missionary uniquely.

Mendo-Lake Baptist Association

CA01SR12

Project Description

Mendo-Lake Baptist Association consists of 16 churches located in a range of stunning geography across two counties. Missionaries will see a variety of beautiful lakes, mountains with giant redwood trees, and the Pacific Ocean. Approximately ½ the churches participate in using Summer Missionaries each year, with activities in VBS, Youth Ministry, Children's Camp, Young Adult Retreat, Indian Reservation outreach, and a Feeding the Homeless outreach. Working with each local church will help the missionary to develop disciplines of working under authority, expose them to administrative skills, develop teaching and leadership skills, and engage with different cultures and worldviews. They will also have opportunity to develop and use testimony and a plan of salvation in witnessing to the lost that will enhance a life-long commitment to the Great Commission.

Sacramento Association of SBC

CA04SR12

Project Description

The churches in the Sacramento metropolitan area are seeking to present the Gospel of Christ to their communities and minister to the needs that exist there. The Sacramento Association is seeking energetic students to present the gospel through VBS, camp settings, worship services and other opportunities in culturally diverse suburban and rural settings in the Sacramento Metropolitan area. These students will serve in leadership and support roles as Christian teachers, role models, and friends to the children and youth in these church-led ministries. The students will serve in local churches (many of which are small and in need of leadership support) they teach Bible Study and/or lead "rotation" VBS activities; one-on-one ministry and preparation with church leaders; at an elementary age kids camp in the western foothills of the Siena Mountains; and as leaders at a high adventure youth camp in the Siena Mountains that includes white water rafting, rock climbing & rappelling, canoeing, hiking, and other team building events. There will be many opportunities during the summer for the students to present the gospel, to challenge others, and to be challenged in their spiritual walk. The student missionaries will be challenged on a weekly basis to reflect on their ministry activity and personal spiritual growth.

Sierra Butte Baptist Association

CA05SR12

Project Description

The Sierra Butte Association churches have had the benefit of Summer Missionaries for many years. Our Associational understanding requires that the Church utilizing their services is responsible for housing, transportation, and meals. Our Associational Secretary prepares a summer schedule for the Missionaries that identify the weekly assignments. The Students will be working in three specific service concerns. The first is in staffing the VBS programs of various churches. Most of our churches are small and in rural settings. Missionary students fill teaching responsibilities at each location. The second area of service will be as counselors in our 2 weeks of summer camp. The third is in "Feeding Those Who Feed Us". This project includes working with Migrant Farm Worker children on state owned centers. Our Association has participated in this statewide project for nine years. We will conduct VBS, an Evangelistic Service, Soccer Camp, and distribution of free (new) clothing, shoes, and food to each child 12 and under.

Pacific Southern Baptist Association

CA08SR12

Project Description

The 25 small churches & missions of the Pacific Southern Baptist Association are located on California's central coast in the counties of Santa Barbara & San Luis Obispo, half-way between Los Angeles and San Francisco. One mission church is located on the San Francisco peninsula. Our churches average 65 people in Sunday worship. The Summer Missionaries will do child and youth evangelism and discipleship in youth rallies, summer camp, vacation Bible schools, Bible clubs, and collegiate outreach on university campuses. They will impact our cities and strengthen our small churches through their willingness to invest their summer in ministry and by demonstrating Christian character and servants' hearts and hands. The Summer Missionaries will do ministry tasks that will require maximum investment of their God-given talents, creativity and energy. They will experience California's diverse geography (Sierra mountains, Pacific Ocean, coastal mountains and valleys), recreational activities (surfing, Spirit West Coast in Monterey, CA, etc.), and rich interactions with our many culture groups. Also, a week of church planting work along side other career NAMB and short term volunteer missionaries in San Francisco is likely.

North Coast Baptist Association

CA09SR12

Project Description

These two students will be working together on the North Coast of California that includes Redwoods National Park. They will be serving in churches working with approximately 200 children and high school students for two weeks, in Vacation Bible Schools for three or four weeks and the rest of the time they will have opportunity to work with pastors and leaders in outreach to summer school students at Humboldt State University. Missionaries will experience opportunities to share their personal testimony with unreached people and receive help in developing that testimony and experience the joy of seeing others come to faith in Christ. This will be used to promote your ministry need. I have a dual ministry, serving as a pastor in this association for over 50 years and now also serving as DOM. Bringing people to faith, equipping them, and sending them out to serve and then encouraging them in their ministry has been my life work.

Feather River Baptist Association

CA11SR12

Project Description

Feather River Baptist Association is located in beautiful northeastern California, from the south of Lassen National Park all the way to Oregon. Summer missionaries are needed for evangelism to children and youth through sports camps, VBS, Children's Missions Camp, Youth Camp, and special events. The Gospel will be presented in various ways such as storying, face painting, drama, music, bracelets, soccer balls, prayer walking, and conversation. You don't need the gift of evangelism, just a willing heart to learn and be available for appointments from God. Quality training will be provided with a team mindset, which is a great opportunity to grow and develop your leadership skills. Are you willing to be used by God to share the Gospel with children and teenagers this summer?

First Baptist Church, Circle

MT05SR12

Project Description

We are a small but growing church in an agricultural community. Our goal is to see as many people as possible come to know Christ as Lord and Savior. Since we are growing we have many new families with younger children. What we are lacking are teachers. The church in Circle has not done children's Sunday School or VBS for several years. Now if all our children were to come we would have over 20 children at Sunday School and Wednesday night Bible studies. The summer missionaries would benefit simply by being a part of the disciple making process. Also they would be encouraged to take part in leadership training with the rest of our teachers and leaders in the church.

Elkhorn Community Fellowship

MT10SR12

Project Description

Elkhorn Community Fellowship is a new church plant in Townsend, MT. Townsend is a small town only 35 miles from the state capitol of Helena. Townsend is a diverse culture in that there are people here that work in the government or other jobs in Helena and then there are those who work at the local timber mill or lime min. Elkhorn community Fellowship is seeking to penetrate the lostness in this town through reaching into the community and serving the people there. We are seeking to reach not only the children though TeamKID during the winter and BYBC & kid's day in the summer but also reach the youth which is an extremely lost culture group in this town. The student missionary will learn how to be involved in a church plant and how to start something from the ground up. They will be encouraged to be creative and think of unique ways to reach the youth in Townsend and teach them about Christ. They will be accountable to the church planter and will have the opportunity to ask questions and meet with the church planter about what their ideas are and the vision they have for the youth.

Treasure State Baptist Association

MT13SR12

Project Description

We are an association of Southern Baptist churches in southwest Montana seeking to resource churches in church planting, church health, leader care, and missions. The summer missions team of four will need to be very mobile as they travel from church to church each week (most churches are new starts or small and/or struggling churches). The student team will be assisting with outreach events such as sports camps and block parties. They will also assist with and lead out in Vacation Bible School or Backyard Bible Clubs on many occasions.

Come to Montana – the “Next Best Place!” Grow spiritually, be stretched in your personal and spiritual life, come willing to work hard, help, and be a blessing to small, young churches!

Eagles' Wings Youth Ranch/ Immanuel SBC

NM01SR12

Project Description

Eagles' Wings Youth Ranch, located in rural Mountainair, New Mexico, ministers to unchurched, at-risk youth. Our mission is to share God's love in a summer camp centered around relationships built through adventure recreation, low and high ropes, swimming, archery, horsemanship, training in making right choices with the Bible as our guide, and follow-up discipleship. The student missionaries will intentionally build witnessing relationships through every day conversations as well as these activities, breaking down barriers and sharing Christ through morning and evening devotionals, small groups, Christian videos, games that teach life and Biblical lessons.

The student missionary will benefit from serving with us by receiving mentoring from the staff, discipleship training, leadership training, and personal spiritual growth training. They will experience cross-cultural relationships and have opportunities to use the skills, talents, and spiritual gifts God has given them to assist Immanuel Southern Baptist Church of Estancia, NM and other local SBC churches in worship services and family ministries. They will serve in areas that will utilize their God-given spiritual gifts and skills to effectively accomplish the mission of NAMB and local ministries in sharing the gospel of Jesus Christ with the unchurched, underserved of Central New Mexico.

Sandy Creek Baptist Association

IL02SR12

Project Description

Sandy Creek Association is made up of 32 churches in west central Illinois. It covers 5 counties along the Illinois River. Many of the churches in this area are small but have a desire to reach their community and see the youth and children of their congregation grow in their faith. Summer missionaries will have the opportunity to impact these communities through leadership in Vacation Bible School, sports camps, associational children's camps and associational youth camps. Summer missionaries will be able to use their gifts in recreation, athletics, music, and Bible teaching. The association is also home to a Hispanic Ministry, so Spanish language skills would be an added bonus.

The Community in Maywood

IL06SR12

Project Description

Maywood, Illinois is a socio-economically depressed, urban collar suburb 4 miles west of Chicago and 10 miles west of the Loop. The Community in Maywood exists to be a radiant Bride who glorifies the Bridegroom by meaningfully manifesting His gospel and its power to transform both the individual and the surrounding community. Missionaries will live out Christ-in-them as they live among those they serve. They will assume a variety of valuable ministry roles as both leaders and servants. Missionaries become like extended family while with us. So, each will experience both the joys and pains of living life together and co-laboring on the mission field for Christ. If the comments of previous summer missionaries provide any indication, God will probably accomplish more in and through h you during these 10 weeks than He has in any ten weeks of your life to date.

Aside from the fundamental requirements for all summer missionaries, we have a few additional expectations: 1) We expect our missionaries to be relational since our work is very relational in nature. If you have horrible relational skills, they will not miraculously improve in the pressure cooker of a “foreign” or cross-cultural mission field. 2) We expect our missionaries to be especially adaptable and flexible. Almost nothing goes exactly as planned so we attempt to plan and prepare well. Then we plan to abandon the plans if they don’t serve their purposes well. 3) We expect all of our missionaries to serve the Lord with diligence and quality. We’ve discovered that people who aren’t habitually diligent and excellent in their work are especially poor at being flexible. 4) We expect our missionaries to have initiative – to be self-starting. You are not a day-laborer. You are a contributing partner. We value innovation and creativity

Purple Door Ministries

NW03SR12

Project Description

The summer of 2012 the Purple Door at the University of Washington will be hosting teams of student missionaries committed to work as teams to open new work in the needy areas of the city of Seattle. They will be trained in urban missions, coached in entering a needy community and building bridges for the Gospel. Their goal will be to share Christ in word and deed, follow-up new believers and assist them in beginning to meet in communities of faith. Each team will have a long-term coach to assist the work in moving forward and transitioning into a long-term plant. Every summer in Capital Hill area and down the Rainer Valley when the children are out of school there is an opening for Christ-followers to partner with local community centers and parks to provide activities for the families. Many of the families are new arrivals in the US and have had little if no access to the Gospel. The students on this project will grow in their understanding of urban ministry, how to start outreach and how to serve on a team. They will be able to learn how to better use their gifts in order to better serve on their campuses and around the world.

NW Contexture

NW05SR12

Project Description

The students will actively engage the Sellwood area, being intentional in building relationships with local residents and finding practical ways to serve the community and communicating the Gospel. They will work with a local church planter who will work with them, teaching them how to engage and gather non-believers into real, authentic friendship that allows for faith conversations.

Calhoun Baptist Association

AL08SR12

Project Description

The plan for these summer missionaries will be to assist the smaller churches in conducting Vacation Bible School, Backyard Bible Clubs, hold block parties, and assist with our week of World Changers. It is our desire to make it possible for several of our churches that have no had any type of Bible School to have that opportunity. They will also be assisting our new church start in the multi-housing ministry by conducting BYBC and assisting local churches that will be doing ministry in this area. This will be our 5th year to provide Summer Missionaries and our smaller churches have found it invaluable.

Mercer Baptist Association

GA11SR12

Project Description

The Mercer Baptist Association exists to assist our local Georgia Baptist churches to reach the community for Christ and to plant new churches to grow the kingdom of God. The student missionaries will assist each of our local churches in conducting Vacation Bible Schools and backyard Bible clubs. They will teach age-graded VBS materials and lead the adult workers to conduct VBS by teaching them how to execute a successful Vacation Bible School. The student missionaries will also coordinate with the summer missionaries of the Thomas County Baptist Association and act as representatives for the Mercer Baptist Association churches. They will encourage the churches of the Mercer Baptist Association to participate in these annual evangelism events.

Mid-Delta Baptist Association

MS02SR12

Project Description

Mid-Delta Baptist Association represents the ministry of 49 Southern Baptist churches in the Mississippi Delta. This includes the counties of Bolivar, Sunflower, and Leflore which are largely rural and small town communities. One of the successful ministries supported by this Association is Delta Missions in Indianola. Delta Missions is a ministry focusing on the needs of African-American children and their families. This ministry supports after-school programs related to tutoring, dress/personal behavior, and Bible study. There is a Saturday program of games, activities, and Bible study. In June of each year, Vacation Bible Schools are held in Indianola and surrounding towns which touches 600-700 children plus their families. Another important area we reach is the Hispanic population. Workers come from several Latin American countries to work on the farms, catfish industry, and construction. Most of these are transient, but we do have a small population of more permanent residents. Three Hispanic missionaries are meeting in our churches or on property provided by a local farmer. Several Bible studies are presently active among the Spanish speaking population. We have a once a month medical clinic. In July of each year, we hold Backyard Bible Clubs in areas of high Hispanic population. Our summer workers would focus on this VBS activity with Delta Missions and our local African-American and Hispanic populations. Summer Missionaries associated with this ministry will be blessed as they are a blessing.

Brentwood Baptist Deaf Church

TN01SR12

Project Description

Brentwood Baptist Deaf Church is a model training church for Deaf to accomplish the church mission of Deaf Reaching Deaf. One aspect of equipping and empowering Deaf to leadership is to develop Deaf children and youth in all areas of life from cognitive to mental and emotional to spiritual. Deaf adult's average reading level is 3rd grade and they do not have language before the age of 6. The summer missionaries work an 8-week day camp for Deaf children and their hearing siblings. These children are low-income inner city families that are not rooted in any church. The missionaries will gain insight in planning, coordinating, leading and teaching various classes such as drama, arts and crafts, recreation, all day events and travel on weekly field trips. Transportation is provided for the campers. Missionary must have moderate signing skills. Missionaries will bridge the gap between Deaf children and the 77% hearing parents who do not sign. The IMB statistics show that 30 Deaf die an hour without Christ. Camp is proven to be an avenue to reach Deaf to Christ and to the church and the missionary has a vital role in this connection.

Street Reach Ministries

TN02SR12

Project Description

Street Reach Ministries seeks to provide a practical mission experience for church youth groups while reclaiming our community for Christ. NAMB appointed sojourners, college summer missionaries, and semester missionaries are utilized as “counselors” to facilitate and lead teams of volunteer youth in this reclamation effort. Each appointed missionary is assigned a site and afternoon project for the duration of the summer. Through this assignment, the missionary invests time, compassion, and the love of Christ that particular area of the neighborhood all summer. Street Reach seeks to present the gospel message as we conduct Bible clubs, education clubs, sports camps, and community service projects.

Students who serve will gain valuable urban missions experience that they can draw from for their lifetime. Students are also given an opportunity to grow in their walk with the Lord through leading Bible studies with youth, sharing Christ with community children and their families.

Smoky Mountain Resort Ministries

TN04SR12

Project Description

Smoky Mountain Resort Ministries reveals the presence of God to those who live, work, and play in the Smoky Mountains. We use personal relationships built through creative programs to provide opportunities for sharing Christ, helping others, and growing the Church. Personal growth as a Christian comes through risking yourself in creative resort settings. Your personal skills and gifts (music, teaching, preaching, the arts, and outdoor skills) are utilized as expressions of God's love in campgrounds, special events, and various people groups (families on vacation, resort workers, international student workers). SMRM is looking for volunteers who like to relate personally to others – with a creative style and in creative settings. Resort missions are about communicating the Gospel to people caught up in leisure lifestyle. It is revealing God at work in the leisure world around us. Can you dig it?

Project 52 Kurdish Arabic Team

TN10SR12

Project Description

Mill Creek Baptist Church is located in an ethnically diverse community in the Nashville Metro area, home to numerous Buddhists, Hindus, Animists, Muslims and more. Our ministry seeks to engage, encourage and evangelize these internationals, connecting them to local ethnic church plants or by planting ethnic churches where one is needed but does not exist. We seek to intentionally introduce these residents to the person of Jesus Christ, sharing His story and His love for them. The purpose of our summer collegiate ministry is to utilize the gifts, talents, and abilities of Christian college students to extend our ministry to reach the unreached and hard to reach living in our city. The teams will assist with opening doors and planting churches, finding persons of peace, ethnic leaders, and developing community relationships. Intentional relationship building, sharing Christ, connecting residents to ministry groups through activities sponsored, supported, and/or facilitated by our ministry is key. The student missionaries will benefit from serving with us by experience support and leadership in the areas of church planting, cross-cultural evangelism, and discipleship of an ethnically diverse community. The students will be trained and supported by Project 52, North American initiative led by members of churches of the DeKalb Baptist Association in Alabama. Project 52's vision is to lead students to finish the Great Commission in this generation.

Chilhowee Baptist Center

TN17SR12

South
Maryville
Tennessee

Project Description

The Chilhowee Baptist Center is a ministry of the churches in the Chilhowee Baptist Association. Our purpose is to provide food, clothing, as well as furniture, appliances and other household necessities, to needy families who live here in Blount County, Tennessee. We offer spiritual guidance and financial advice to those who will accept it and make referrals to churches that are in the communities near their home. We try to provide discipleship guidance to those who accept Christ and help them connect with our local churches.

Mission Arlington/Mission Metroplex

TX01SR12

South
Arlington
Texas

Project Description

Mission Arlington/Mission Metroplex began 25 years ago with the desire to “take church to the people.” Mission Arlington supports Bible studies in 310 different locations around Arlington, TX. These Bible studies meet in apartments, mobile homes, and neighborhood homes. More than 1,200 people accepted Christ or rededicated their lives to Him in the summer of 2011. Mission Arlington also ministers to people “one life at a time.” 800 people come through our front doors every day, needing help with physical needs. Missionaries will lead summer programs for children and teenagers in apartments during the week. They will build relationships and friendships with these young people and help them understand God’s love and His plan for their lives. They will also have opportunities to help with our June tent revivals, July Day camps, Backyard Bible clubs, Medical/Dental clinics, missions administration, and much more. Missionaries will minister to people coming through our front doors, minister to their needs, and lead people to Christ. On Sundays, Wednesdays and at other times, the students will lead Bible studies in apartments. Students will also work “out back” folding clothes, sorting food, and delivering furniture to people in need. A summer in Arlington is guaranteed to take students out of their comfort zone while giving them spiritually the best summer of their lives.

Mission Arlington/Mission Metroplex is eager to walk beside students who love the Lord above all else, don’t mind working hard, and who have flexible spirits. All students are welcome and needed. Every gift and call students have can be put to use – from children, teens, youth, medicine, sharing the gospel, church planting and more. Though English is our primary language, Mission Arlington operates in several different languages. Students who can only speak English, or those who can speak other languages are welcome.
