FAMILY • MULTIPLICATION • RESTORATION

“

*We long to see a Multiplying Church in every community across North America, bringing the hope of the gospel to those in desperate need! This drives everything we do as a family of churches.*

*Send Network vice president*

*We are Send Network*

**Send Network** is a family of churches locking arms to take the hope of the gospel to all of North America. New churches make change possible in unreached neighborhoods.

## CHURCH PATHWAY

### **CHURCH PLANT**

Launching and growing a new church brings a number of challenges — both common to church planting and unique to your context. Send Network is here to help you find solutions and encourage you, your family and your team along the way. This is the beginning of a journey toward multiplication.

### **SUPPORTING CHURCH**

A Supporting Church partners in church planting by praying, participating and providing for a church planter, his family and the new church. Building a strong partnership is a key step toward multiplication for Supporting Churches and their planting partners.

### **SENDING CHURCH**

The health of a church planter often depends on a strong sending partnership. A Sending Church leads as the primary partner of a church plant, taking responsibility for the plant until it strong enough to stand on its own. Providing guidance and accountability for the church planter are key roles for a Sending Church.

### **MULTIPLYING CHURCH**

Churches that discover, develop and deploy church planting teams from within their own context are rare. But this must be the focus of more churches if we are to see churches everywhere for everyone across North America. The Send Network is here to help every church take their next step toward multiplication.

## RESIDENCIES

Residencies help churches multiply through intentionally developing and deploying missional leaders and church planting teams. They help aspiring leaders identify a ministry call. They help mature leaders pursue God's leading in their lives. And, they prepare leaders and teams for new missional opportunities. The Multiplication Pipeline and Send Network Training are two key resources to help churches develop future planters.

## CHURCH PLANTER PATHWAY

Though every church plant is unique, there are fundamental steps along the way. From developing a contextual strategy to staying connected for encouragement and support, we are here to walk with you.

### **ASSESSMENT**

Our pre-assessment tools and the assessment retreat are valuable in helping a church planter and his family as well as the Sending Church know the best next steps on their church planting journey.

### **ORIENTATION**

This event is an encouraging and culture-building time of networking, inspiration and fun where you will learn more about the Send Network kingdom values of family, multiplication and restoration.

### **TRAINING**

Learn alongside other new planters in your area in interactive sessions facilitated by an experienced trainer. This training gives you the tools you will need to develop and implement a contextual strategy for making disciples and planting.

### **COACHING**

With extensive ministry experience and wisdom, a coach serves as a personal sounding board in your first years as a church planter. He will walk alongside you to help you determine your next steps in planting a healthy church that multiplies.

### **CARE**

Church planting should not be pursued alone. It takes compassion and support to help a planter and his wife establish a healthy church while nurturing family relationships. We come alongside you with resources, events and gifts to encourage you and your family.

“

*You are absolutely not alone. We are in this together. We have your back. You are going to face challenges, but you will never be alone. You are part of a family.*
