

CHURCH PLANTER PATHWAY

ASSESSMENT

Pre-assessment and the assessment retreat are a valuable tool in helping a church planter and his family understand next steps as an aspiring church planter.

ORIENTATION

New planters connect at our training center in Alpharetta, Georgia, for an encouraging and culture-building time of networking, inspiration and fun where they learn more about the Send Network kingdom values of family, multiplication and restoration.

TRAINING

Planters learn alongside other new planters in their area of focus, in interactive sessions facilitated by an experienced trainer. This training gives planters the tools they will need to develop and implement strategies specific to their context and gifts.

COACHING

With extensive ministry experience and wisdom, a coach serves as a personal sounding board in a church planter's first years.

CARE

Church planting is not a solo mission. It takes compassion and support to help a planter and his wife establish a healthy church while nurturing family relationships. We come alongside planters with resources, events and gifts to encourage them and their family.

CHURCHES PLANTING CHURCHES

CHURCH PLANT

Send Network church planters see a community's need and potential, start a relevant church there and set a course toward multiplication. The network trains, coaches and encourages planters, their families and teams along the way.

SUPPORTING CHURCH

Send Network Supporting Churches partner with church planting teams to participate in their planting effort and provide for their strategy. This encouraging and critical role is undergirded by prayer, and can involve financial assistance, expertise, resources or people sent to help with specific projects.

SENDING CHURCH

Churches that deploy Send Network church planters take responsibility to coach them in their call and preparation, commission them and their team and care for their family and ministry. Sending Churches do whatever it takes to help church plants become healthy, strong and successful.

MULTIPLYING CHURCH

Send Network Multiplying Churches multiply planting teams from within. The next generation of church planters is sitting in your congregation today. Send Network provides you free tools like Multiplication Pipeline to help you discover, develop and deploy missional leaders for their next steps in church planting.
