Discover and develop leaders in your own church for ministry and mission!

Multiplication Pipeline is an online learning tool to guide people from church consumers to missional leaders, with up to three years of material covering more than 20 areas of missional leadership.

> **Year One** equips individuals to live on mission by strengthening spiritual formation, biblical knowledge, servant leadership and evangelism skills.

> **Year Two** prepares people to lead others on mission and make disciples while exploring further missional involvement.

> **Year Three** explores models and methods of church planting and prepares individuals for their next steps as church planters or church planting team members.

Learn more, and register your church for Multiplication Pipeline at **pipeline.namb.net**
