

*Planting churches everywhere,
for everyone*

SEND Network

We are Send Network

Millions living in North America have not been reached with the gospel. But a new church makes change possible in an unreached neighborhood.

Church planting isn't just a ministry for individual planters—it's a ministry for the whole Church.

Send Network is a partnership of people just like you—churches and church planters—planting churches everywhere for everyone. Send Network church planters immerse themselves in a community, learning the rhythms and culture as they establish relationships with those who do not yet know Jesus. A church plant grows out of the evangelism efforts of the planter, his family and his core team.

Send Network's Supporting, Sending and Multiplying Churches provide the prayer and practical support church plants need to thrive.

As part of Send Network, your kingdom impact can be greater and your support team stronger. Your passion to see the Church grow through church multiplication is possible.

Replant a church

New challenges and legacy expectations intersect in replanting ministry. As you navigate the demands of both, we will help you move from conflict to cohesive community, shepherding a dying church to new life. Our replanters are passionate about sharing their wisdom and experiences, along with the tools necessary to succeed.
