OF THE GOSPEL

North America's needs are great. Children go hungry. Neighborhoods become disaster zones after storms. Entire communities have no church presence and no one to tell them about the hope found in Christ.

The North American Mission Board equips churches to be on mission in their own communities and across the continent. Through compassion ministry, church planting, chaplaincy and disaster relief, we partner with congregations to reach the lost and hurting.

## COMPASSION MINISTRY

People are hurting in your community every day. The enormity of the needs—poverty, refugees, foster care, human trafficking—makes it easy to feel overwhelmed. That's where Send Relief comes in. We're here to inspire, equip and train you as you meet physical needs and share the hope of the gospel.

## CHURCH PLANTING

Millions living in North America have not been reached with the gospel. Send Network church planting missionaries immerse themselves in a community, learning the needs and culture as they establish relationships with the lost. New churches in cities, small towns and college campuses grow out of their evangelism efforts.

## EVANGELISM

The hope of the gospel is the thread that weaves through every ministry we undertake. Both Send Relief and Send Network help missionaries and churches share the gospel in their context. The North American Mission Board also provides specific resources to help pastors and individuals reach their communities.

## CHAPLAINCY

From battlefields to hospitals, from prison cells to corporate boardrooms, chaplains bring the hope of the gospel. The North American Mission Board endorses and provides professional development and support for thousands of chaplains in North America and beyond.

## DISASTER RELIEF

If you have seen a disaster on the news in the past 50 years, Southern Baptist Disaster Relief was probably already there. From damage assessment to welcoming returning residents to restored homes, Disaster Relief volunteers are the first on the scene and the last to leave. This nationwide network of state-based teams does more than just cleanup. It brings the hope of the gospel to people whose lives have been shattered.
