SENDING THE  
*Hope*  
OF THE GOSPEL

North America's needs are great. Children go hungry. Neighborhoods become disaster zones after storms. Entire communities have no church presence and no one to tell them about the hope found in Christ.

The North American Mission Board equips churches to be on mission in their own communities and across the continent. Through compassion ministry, church planting, chaplaincy and disaster relief, we partner with congregations to reach the lost and hurting.

## COMPASSION MINISTRY

Every day, millions of people around the world are struggling and desperately need help and hope. From poverty and human trafficking to foster care and refugees, finding ways to make a difference can be overwhelming. Through Send Relief, you can connect with people in need through mission trips and compassion events, as well as tools, training and partner opportunities. Let us help you meet the needs and share the life changing gospel of Jesus with people overseas, across North America and right in your own backyard.

## CHURCH PLANTING

Millions of people in North America haven't been reached with the gospel. Send Network is a family of churches working to restore brokenness in communities and increase gospel influence across North America by planting and replanting churches. We long to see a Multiplying Church in every community throughout North America.

## EVANGELISM

The hope of the gospel is the thread that weaves through every ministry we undertake. Both Send Relief and Send Network help missionaries and churches share the gospel in their context. The North American Mission Board also provides specific resources to help pastors and individuals reach their communities.

## CHAPLAINCY

From battlefields to hospitals, from prison cells to corporate boardrooms, chaplains bring the hope of the gospel. The North American Mission Board endorses and provides professional development and support for thousands of chaplains in North America and beyond.

## DISASTER RELIEF

If you have seen a disaster on the news in the past 50 years, Southern Baptist Disaster Relief was probably already there. From damage assessment to welcoming returning residents back into their homes, Disaster Relief volunteers are the first on the scene and the last to leave. This nationwide network of state-based teams does more than just cleanup. It brings the hope of the gospel to people whose lives have been shattered.
