

MSC Direct Deposit (US) and Wire Transfer (Canada) Authorization Information

Every NAMB-endorsed missionary who elects to raise financial support using Mission Service Corps (MSC) resources is required to partner with a church or other 501(c)(3) non-profit entity (Sponsoring Entity) that will receive MSC funds each month from NAMB. We strongly encourage you to select an SBC church as your Sponsoring Entity; however, other approved 501(c)(3) organizations can be used if needed. NAMB will provide final approval of the entity you select as your Sponsoring Entity. The missionary is responsible for identifying the Sponsoring Entity, and a representative from that entity must agree in writing to receive MSC funds from NAMB monthly.

The appropriate DocuSign form must be completed by the missionary and Sponsoring Entity to activate the missionary's MSC account. Links to the USA and Canada forms are below.

The form will be initiated by the missionary then completed and submitted by the Sponsoring Entity.

Before you begin the form, here is a brief overview of the information required in the DocuSign form:

From the Missionary:

- Missionary's contact information
- Missionary's Fund ID
 - Login to www.mynamb.net > Go to Profile > Basic Information > Click Family & Ministry. Your FUND ID will be at the bottom of the page under *FUND INFORMATION*. Contact help@namb.net if you need assistance.
- Sponsoring Entity contact information
- Select if this is an existing MSC account (changing to a new sponsoring entity) or a new account.

From the Sponsoring Entity:

- Sponsoring Entity banking information for direct deposit/wire transfer
- Signature of Sponsoring Entity representative
- Scanned copy of banking direct deposit form or voided check

Click to begin the form:
